

HydraJac Bolt Tensioning

Technofast Industries

HydraJac speeds up Hydro Testing

HydraJacs are designed and manufactured in Australia to increase hydro-test efficiency and ensure a leak free mechanical joint.

Simultaneous bolt tensioning using HydraJacs provides gasket integrity by applying an accurate load evenly over the total joint face.

- Standard Range—7/8" to 4" bolt diameter
- Spring return
- 15mm stroke capacity
- Durable anti corrosion coating
- Unique Colour coded grip ring.
- Rent, buy or Service
- Quick connect

Tension flange bolting in approximately 1 hour
